OBJECTIVE

B2B marketer with experience in field events, integrated campaigns, sales enablement, and marketing operations for technology and AI products. Skilled in cross-functional execution, performance measurement, and developing programs that support business growth.

EDUCATION

University of California, Berkeley

May 2026

B.A. in Media Studies

Relevant Coursework: Marketing, Data Science, Consumer Society and Analytics, Media Theories and Processes, Economics, UX Design, Statistics

WORK EXPERIENCE

Salesforce

San Francisco, CA

Corporate Marketing Analyst Intern

May 2025 – August 2025

- Coordinated SMB field events and partner activations end to end, managing attendee acquisition, promotional content, field event materials, logistics, and Sales/BD follow-up to generate 100+ prospective customers.
- Led a \$214K multi-channel B2B campaign with two contracted agencies, coordinating briefs, approvals, timelines, and asset delivery to generate 2M+ views and increase trial-to-paid conversion by 24%.
- Developed campaign briefs, launch recaps, and sales enablement materials for Pro Suite and Agentforce, supporting campaigns that increased SMB and enterprise sign-ups by 32% in Q2.
- Conducted audience and market research with Product Marketing for developer audiences, converting social and sales insights into key messaging and PowerPoint presentations for Strategic Account leadership.
- Built and QA'd CTA links, UTM tracking, and Tableau reporting across 10+ channels, monitoring 760+ clicks and campaign outcomes to surface optimization opportunities and improve Sales follow-up visibility.

People Inc.

New York, NY

Growth Marketing Intern

June 2024 – August 2024

- Owned integrated event marketing for an industry conference, developing messaging and collateral while coordinating Sales and BD engagement, campaign handoffs, and participant measurement to increase RSVPs by 29%.
- Researched 150+ technology accounts for D/Cipher, an AI product, identifying customer needs and developing targeted briefs that helped Account Managers prioritize opportunities and influenced \$15K+ in pipeline revenue.
- Built centralized campaign and editorial calendars across seven product lines, aligning Sales, Product Marketing, and GTM teams on messaging, targeting, launches, and execution across 20+ growth campaigns in Q2.
- Automated and standardized recurring campaign reporting using Google Analytics and Microsoft Excel, producing 15+ performance and forecasting reports that reduced manual work and informed follow-up and future programs.

The Daily Californian

Berkeley, CA

Marketing Operations Manager

April 2025 – December 2025

- Directed monthly campaign and content operations across 140+ articles, coordinating 40-50 marketers through deadlines, creative reviews, CMS publishing, and multi-channel distribution.
- Built a recurring email campaign workflow with standardized content reviews, performance check-ins, and optimization cycles, increasing organic website traffic by 37% and click-through rate by 26%.
- Managed campaign updates, editorial guidance, and stakeholder communication to surface blockers, maintain brand accuracy, and keep concurrent projects on schedule.

Growth Marketing Associate

February 2023 – April 2025

- Led partnerships and sponsor outreach across 30+ community organizations and creators, coordinating invitations, promotional content, and event participation to increase RSVPs by 27%.
- Executed and QA'd 150+ segmented email campaigns, managing audience lists, send schedules, messaging, links, and follow-up to grow the subscriber base by 7K+.
- Tested messaging, keyword strategy, and content placement against engagement data, increasing click-through rate by 48% and generating 450+ new subscriptions per quarter.
